IMPORTANT TIPS

Waste Management System Plan (WMSP)

100% litter export – Update plan every 5 years

Land application – Update plan every 3 years

NOR Signature Page

SNOR & NNOR signature pages must be uploaded to the SharePoint site

Record Keeping

Waste management, waste transfers, land application, soil samples, and facility operations records are to be kept by the producer for a minimum of 3 years

Continuing Education

Continuing education requirements are *not* mandatory; AFO/CAFO owners are encouraged to participate in educational activities to remain up-to-date on technology changes

	NPDES Permit (NNOR)	State Permit (SNOR)
Construct New Facility	NPDES Registration (NNOR) registration required	State Registration (SNOR) not applicable
Expand Existing Facility	NPDES Registration (NNOR) registration required	State Registration (SNOR) not applicable
QCP Inspection	Annual QCP inspection required	Annual QCP inspection optional 5-year QCP inspection required*
ADEM Registration	Annual ADEM registration required	5-year ADEM registration required*
WMSP	WMSP required every 3/5 years	WMSP required every 3/5 years

*For eligible farmers that choose the State Registration (SNOR), the initial permit duration will be for 2 years, 3 years, 4 years, or 5 years. The lottery renewal put into place by ADEM will spread out the expiration date of these registrations. All subsequent durations for the State Registration (SNOR) will 5 years.
